About Quick Heal Academy

Quick Heal Academy (a division of Quick Heal Technologies Limited) is a premier institute engaged in supporting and securing the cyberspace. QHA is committed towards imparting cyber security education programmes globally with an objective of building a talent pool of cyber security professionals.

QHA Certified Training programmes are designed to create cyber security professionals that help deter the threats with the strong cyber skill-sets and to encourage and impart awareness around the ever-changing and evolving cyber security domain.

In QHA, we work closely with universities, law enforcement agencies and educational institutes. Our academy also offers online, classroom, corporate and need based training courses with the objective to empower organizations in effectively addressing cyber sec challenges and contribute towards strengthening the cyber security training ecosystem.

Details of the Program

This is a special programme designed to keep in mind the conundrum, bitcoin has caused in the market leaving people struggling to digest the reality.

Adding on, this special programme evolves not only around the bitcoins and the dilemma it has caused but also makes you familiar with topics which has yet not touched the grounds of reality.

Perhaps it would not be wrong to say that to survive in the era of "Internet of Things" one has to be aware of the basic concepts of this special programme designed by the industry experts.

Highlights of the Program

- Learning the effective and efficient use of technology behind the crypto currencies.
- This special programme revolves around the blockchain technology and the part it has played to change the era of internet.
- To build the skills which will help to learn and understand the revolutionising era of Cyber Security.
